# Common Sense on the Bench

Lorraine has practiced in over 30 counties throughout Florida. She is a Certified Family Law Mediator. As a mediator she helps to resolve conflicts without costly court time. The majority of her practice is devoted to the practice of family law. Her experience in family law has taught her that we can reduce the cost of our overworked court system by relying more on alternative dispute resolution like arbitration and mediation.

It takes a lot more than legal experience to be a Circuit Judge. It has taken Lorraine longer than most to get to this point in her life. It took 20 years from the time that she started school until she finished law school. She was a working class mom raising her children, attending school part time. She is the mother of four and grandmother of six. Her experience as a mother and a grandmother has given her the common sense that we need in our next Judge. Our next Circuit Judge must have the highest ethical and moral standards.

Lorraine Sherman knows that a Judge is a public servant and she will be honored to serve us as our next Circuit Judge.
